EXPERIENCE

As a Graphic designer,

With a professional background in graphic design, I have experience designing posters for concerts and music festivals, creating appealing YouTube thumbnails, and crafting business cards and cash memos for clients. Proficient in Adobe Photoshop, Canva, and other tools, I am confident in delivering high-quality designs to meet your specific requirements.

As a front-end web developer,

With proficiency in HTML and CSS, I have successfully crafted static websites, while also showcasing my ability to create dynamic blog websites using WordPress. My skills in web development enable me to deliver professional and user-friendly online experiences tailored to your specific needs.
